

Finding care options is now easier

Our Find Care tool helps you find doctors and compare costs

How you can use Find Care

The Find Care tool brings together details about doctors, hospitals, labs and other health care facilities in your plan. You can easily compare what's important to you, like cost, location and office hours. Find Care helps you:

Search for providers and facilities in your plan by name, specialty or procedure.

Compare costs for health care services based on your plan.

Find providers near you and explore virtual care options.

Review details about doctors such as their specialties, gender, languages spoken and contact information.
